According to G.O. No 4070-1 | GB 68-27-4 Dt 11-1-1928, the European professors of the University are entitled to the following Concession in respect of the passages :-

(1) "Return passages will be given, two for the Officer and two for his wife in the entire Course of Service, the first passage will be given after a Service of 10 years and the second passage after a minimum of 6 years thereafter."

It is seen from the P.W.D. that Mr Sell availed himself of one set of passages in 1930 and Mrs Sell in Oct 1928. ~~According to the first interpretation of the order Mr Sell will be entitled to the second set of passages in 1936 and Mrs Sell in 1934.~~

As this Officer is due to retire from Service from 15-8-1934, he now requests that the stipulation that a minimum period of 6 years should elapse before the drawing of first and second passage may be relaxed in his case and that he and Mrs Sell may be given two single passages to England.

On A former Occasion, the University recommended the cases of Dr Metcalfe and Mr Sell for the grant of Concession on this behalf but the University were told that Govt did not consider it desirable to modify the rules and that in regard to the question of passages, the University might send up for the consideration of Govt Specific Cases of hardship when they actually arise.

Professor Sell had already put in some 23 years service [redacted] by the time the Concessions re: Passages were sanctioned by Govt. (in 1928), and he had no opportunity of availing of the privilege of [redacted] return passages on two occasions as is possible in the case of younger officers.

In view of the [redacted] Govt. letter d. 19.5.1928 [redacted] telling the Registrar that specific cases of hardship might be sent up for order of Govt, it is for consideration whether the request of Mr Sell may be considered sympathetically.

As this officer is retiring from our Service & is leaving India finally, his case is seems deserving of some consideration. His request may perhaps be allowed, with fin: concurrence

We can ill afford to pay anything more than what is strictly admissible under the rules. The burden of present from the General Revenues falls on the poor tax payer and it would not be proper to be generous at his expense to persons who are all-told paid handsomely for their services like the College Professors. The Concession regarding passages was not part of the contract entered into when they entered service. It was introduced in the middle of their service and that some of them cannot enjoy the full benefit thereof before retirement is a natural incident and cannot be helped. The grant of return passage not admissible under the rules is therefore not financially acceptable.

Final Note by the Second Member of Council.

Subject:—

Request of Mr. Sell for the grant of a free passage for himself and his wife.

These papers relate to the request of Mr. Sell for the grant of free passages to England for himself and his wife, on the eve of his departure on leave preparatory to retirement.

Under the rules in force, return passages are given twice during the entire service of an officer, the first passage being after a service of ten years, and the second after a minimum of six years thereafter. As Mr. Sell availed himself of a passage for his wife and himself in October 1928 and 1930 respectively, the second passages could be available only in October 1934 and in 1936 respectively. Mr. Sell is clearly not entitled to a passage. In the case of Mrs. Sell, it requires only a short period of six months more to make up the required minimum of six years. It is therefore proposed to condone this deficiency and sanction a single passage for her.

The Dewan-in-charge is agreeable to this proposal and it may be graciously sanctioned.

Dear Dr. Metcalfe

Will you be pleased to consider & forward to Government this my request for the granting of my wife's & my own passages home on retirement on the following grounds? —

The concession regarding passages was made so late in my 30 years service that I have only been able to avail myself of it on one occasion viz: 1930; & a six years interval must elapse before I can claim another according to the present ruling; I cannot put in the necessary 6 years service. In my wife's case the one return passage she has so far been granted was taken in October 1928. So in Oct: 1934 she would Qualify for another ~~return~~ passage if I had remained in service.

Approximately £120 will be needed
